Truckee Baseball Club To Request Leave Of Absence

Will Attempt to Develop Diamond Talent As Independent

Providing the directors of the Placer-Nevada Baseball League have no objections, Truckee will take a leave of absence from the league this year and will play independent baseball during the coming season.

This was the decision reached at a meeting of officials of the Truckee-Tahoe Mountaineers on Friday evening. R. N. Little and N. F. Dolley were appointed by the directors to represent the Truckee club at the meeting in Auburn Sunday when plans for the season will be made by the league officials.

They have been instructed by the local board to request a leave of absence for the 1951 season because of the dirth of players, brought about through service enlistments, the draft and other causes beyond local control.

In event the league accepts the request, an independent team will be formed here and will play throughout the season where ever and when ever games can be arranged. Little has agreed to continue in his capacity as business manager for the team which is expected to develop a number of players who, for some reason or another, were not on the roster previously. The setup will also provide a chance for the younger players a chance to break into the game.

Considerable financial saving will be effected through the plan to sponsor an independent team, although this is not the reason for the requested leave of absence.

The local team will not be required to travel great distances for practice prior to the opening of the season, Little pointed out, but will wait until the local field is dry. A later seasonal start can also be anticipated since no scheduled game will be played until local weather and ground conditions permit.

Local fans are expected to support the team this year despite the fact that it will not be in organized play and Little and Dolley have agreed to continue to devote their best efforts in promoting a winning team regardless of competition.

Sun Beams

by Walter M. Barrett

The 17 million or more American boys and men who have been associated with the Boy Scouts of America since its founding in 1910 have given ample proof of the value of Scout training and experience. The countless "good turns" they have done over the years have greatly enriched our national and community life. In celebrating their 41st anniversary this week from February 6 to 12, the Boy Scouts have as their theme "Strengthen Liberty". It's an appropriate theme since the very basis of Scout training centers around fair play, greater self-dependence and respect for the rights of others. And this is the stuff from which true freedom is derived. It is noteworthy that dictators have always found it necessary to suppress the Boy Scouts in order to carry out their totalitarian designs. We certainly wish for the Boy Scouts of America continued growth and achievement in the great work they are doing.

In addition, Waters said, members of the California Highway Patrol will canvass business houses here and on Donner Summit in the near future.

Beside ordinary collection methods, the March of Dimes here recently benefitted from special activities.

Last weekend, Todd McGee and Harold Brown, Truckee elementary school students, canvassed several local homes and turned in $12.05 to the fight against infantile paralysis.

Local Hospital Is Given Go-ahead By State Officer

Contractor Is Confident Of Completion By Summer

The Tahoe Forest Hospital is one-fourth completed and has been given the go-ahead signal by Arthur L. Rathburn, construction engineer for the state of California, who was here last week to make a periodical inspection of the work and accounts.

The latter, kept by John J. McGlade, clerk for the local board, were examined and highly complimented by the inspector.

He found every item in excellent condition and expressed himself as being well pleased with both the books and the progress made on the building.

The board ran into a temporary snag this week when they were informed that priorities must be presented to material suppliers before work can continue. This was quickly corrected when it was shown that the local institution has one of the highest priorities possible, assuring continued progress.

John Shreck, contractor, is hopeful that the building will be ready for use early in the summer. Despite weather and other handicaps, work has progressed on the building nearly every day this winter.

SWANEE'S TAHOE LETTER

Tahoe City, February 4th

Dear Tahoeites:

This has been a very wet Sunday with snow greeting us upon arising and rain and snow continuing to fall all day.

Can definitely put to rest the rumor regarding the establishing of a Navy training base at Lake Tahoe. On last Saturday received an answer to my letter to the 12th Naval District in San Francisco, inquiring whether there was any truth in the story. Have a very courteous reply from Lt. E. J. Sowers, administrative assistant to the district public relations officer, stating that a careful check of official sources had been made and there are no plans to construct a training center in the Lake Tahoe area. Also, there had been no official announcement of any such construction posted on any bulletin board at Treasure Island. This should put out of circulation the unfounded rumors which have reached my ears countless times from numerous sources.

Had a nice letter from Mrs. John Quinn of Pineland. Things have been happening in her neighborhood. Not only is little daughter Colleen growing up (she weighs 11 pounds 2 ounces now) but little Mickey has a new toy shepherd puppy. Betty Gilbert has gone to Camp Cooke to be with her husband, Capt. Bob Gilbert, former Tahoe Lake school principal, and the Sams, her neighbors, have moved into the Gilbert home. Mrs. Quinn helped the Sams move and get settled, then helped out at the Kishbaugh home when Peggy came down with virus pneumonia. Peggy came down sick after taking care of her neighbor, Gene Bagwill, who had the flu, and Lynn Kishbaugh also came down with a bad cold and sore throat. Looks like everyone is now on the mend again so the neighborhood will soon be back to normal.

Former Tahoeites reported in town over the weekend were Captain and Mrs. Bill LaMarr from Colfax, Mr. and Mrs. Allan Pollitt of Placerville and Bob Sheilds up from his peninsular home.

Also had a nice letter from Jeannette Mitchell of Sutter. She and her sister-in-law are planning on attending the big chamber of commerce Snow Queen Ball on Feb. 10 and will weekend at the Mitchell home in Sunnyside.

Learned today that Don Stark, young son of the Harold Starks of Tahoe City, a member of the eight man team which went to Badger Pass for the two-day meet of the national junior championships, broke his leg in two places while practicing on Friday before the meet. Sure am sorry to hear this. Also heard that Mrs. Bud Scott had an attack of appendicitis during her brief visit at Yosemite but evidently recovered and is again all right. The reports indicated that the Lake Tahoe Ski Club youngsters had taken several top spots in the meet but this has not yet been officially confirmed.

Wanting to express their good will and cooperation during the coming weekend at the big two-day tournament of the Lake Tahoe Ski Club, the Chamber of Commerce Snow Queen Ball and the ski club's big snow ball on the 11th, the New Cal-Vada Lodge is sending a check to Mrs. Bud Scott of Carnelian Bay, the queen candidate sponsored by the Lake Tahoe Ski Club on Saturday night, Feb. 10, to be spent for a prize winning costume which Mrs. Scott's many admirers hope will aid her in winning the coveted snow queen crown. Slnder, brown-eyed, auburn haired, attractive Patty Scott is a former model of note from southern California and both Cal-Vada and her numerous local friends believe they are backing a winner.

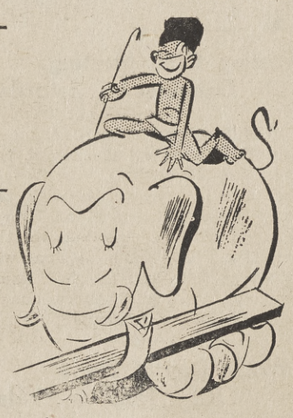
Strength & Endurance



There's a difference in quality and soundness in lumber that's not always too easy to see. This difference becomes evident only after the lumber has been put to use. If the lumber is solid, dry wood it will stand the test of time and strain. If it isn't, you're in for plenty of trouble.

Unless you're an expert in selecting lumber, it will pay you to become acquainted with a lumber yard that sells only highest quality lumber.

INFANTILE PARALYSIS

by Bill McClain

The 7th and 8th grades of Truckee elementary school plan to donate from the class club money $10 to the Infantile Paralysis drive. Ginger Reynolds is chairman for the drive. She takes individual donations as well as the one donation for the whole class. The Infantile Paralysis fund is a very worthy cause and everyone ought to donate all they can.

My Place In the Sun

by DOUG BARRETT

The Rad Kiefers of Tahoe turned up another of those elusive Dec. 14 Suns.....for which we extend our thanks.....Augie Esola up from Sacramento over the weekend.....still recuping from a siege with polio and working at McClellan air base.....breakfasts on occasion with Vince Mistretta, another former local light..... Humbert Ciardella here after graduating from Navy boot camp at San Diego.....and having a go with his former town basketball team mates.....Edith Pfaendler went down to San Diego to witness Humbert's commencement with his dad.....and saw the other members of Truckee's contingent down there.....The Bank of America's new neon sign, up last Thursday, adding its luminance to the Little White Way.....Slim Ellert called Nace Firpo from Arizona and said he was en route to Mexico City.....will be home when he gets good and ready..... Casting an eye on the combined displacement of Willie Curran and Erv Waters, we venture to suggest some reenforcement for the glass boat they are making to navigate Donner Lake.....Betty Copeland taking on all comers at checkers in Bud's Fountain during slack periods.....Did you see the circular rainbow with the setting sun as its center balanced on Gateway Mountain? It'd never be believed on canvas.....

North Tahoe

by T. BURROUGHS

Ginny Kornazewich and Audrey Welch returned last week from a recent trip to parts in Georgia, Virginia and Louisiana. Ginny will soon be back at her post on the switchboard. Audrey is in Auburn taking care of her aunt who underwent surgery last week.

Bud English and family left on Thursday for Palm Springs where he expects to be employed for some time.

Virginia Mason is away for a few days attending a nurses convention.

Walt and Janice Bailey made a quick run down to Los Angeles, leaving on Thursday last week and returning on Monday. Business and pleasure combined on this short trip. The kiddies went along.

Mrs. Durwood Ford is spending a few days in Los Angeles while hubby keeps the trucks running. Nice to see the smiling face of Bill Althof on one of the Sunny Acres delivery trucks.

Saw the interior of that New Cal-Vada Lodge last Monday night for the first time and heartily approve the changes therein.

East goes west as Mr. and Mrs. Robert Smith take over their newly acquired grocery in Kings Beach. Mrs. Smith's son, LeRoy Woodhall, will be associated with the couple in business.

Don't forget the annual Winter Carnival at Cal-Neva on Feb. 9-11, co-sponsored by the Lake Tahoe Chamber of Commerce.

Roy Porath's friends will be sorry to hear that he is very ill with pneumonia. We all wish you a quick and complete recovery.

A recent letter from Mrs. Douglas Free to the Laverys tells that Mr. and Mrs. L. A. Mickland of Manzanita Lodge, Kings Beach stopped in Cathedral City, where the Frees are wintering, for a few days before goingon to Mexico City and then on down into Louisiana for awhile. Mrs. Free also lets us knwo that several of the Tahoeites are in and around Cathedral City. Mr. and Mrs. Matthews of Rustic Cottage Court are enjoying their winter there too.

Howard and Emma Cope are two happy new members of the Tahoe Twirlers, square and folk dance club formed last fall and meeting each Friday night at the Carpenters Hall in Kings Beach. Seven couples of the Twirlers went on a party to Reno last Saturday night — a square dance party, of course. Having a wonderful time on that trip were Bud and Mickey Mandeville, Margaret and Emil Recorden, Ruth and Bill Misner, Ed and Virginia McCoy, Roy and Fritzi Porath, Clarence and Pauline Schrader, Dick and Lou Boyce.

The Clarence Schrader family has had quite a lot of illness in their household during their first winter at Tahoe. Mrs. Schrader and son Billie were sick with severe colds for about three weeks when son Jimmie came down with an awful cold too. All are greatly improved, though not completely recovered to date.

Happy birthday to Lou Boyce who celebrates on February 7.

Happy birthday also to Kenneth Lavery who celebrated his 12th birthdate Tuesday, Feb. 6. Ken's dad, Richard Lavery, took him to the Tahoe City Rotary Club dinner, it being Father and Son night.

Propose Pay Raise For Kings Beach Officer

AUBURN— Placer County supervisors have requested District Attorney Al Broyer to give an opinion on the legality of their proposal to pay seven county constables a salary of $50 a month as deputy sheriffs, in addition to their salaries as constables.

Among these officers is Constable Richard Lavery of Kings Beach. Other townships affected are Loomis, Alta, Colfax, Forest Hill, Newcastle and Roseville.

If legal, the board has voted to grant the pay retroactive to January 1.

TAHOE LETTER

enjoyed dinner at the New Cal-Vada Lodge last Friday night. They had such a grand time they plan to make it a monthly event. The club received its name because members must be 30 to join and receive paid up life memberships after reaching the age of 50.

Sincerely hope that Tahoeites will attend the big Winter Sports Carnival Saturday night and lend their support to the very lovely queen candidate the Lake Tahoe Ski Club is sponsoring. The host Cal-Neva Lodge will offer a most entertaining evening on Sunday night when the Tahoe club has its annaul banquet there at the conclusion of the big two-day championship ski meet. The cocktail hour starts at 6:30 p.m., according to Doug Ross, the resort's genial manger.

The young folks who will entertain during Saturday evening at Cal-Neva with square dancing are the Misses Loma Sorensen, Gene Holmes, Ella Mae Mercer, Diane Abbott; and Mike English, Hugh VanHooser, Clyde and Dick Mandeville.

Ray Fellows of Carnelian Bay was elected junior director of the Lake Tahoe Ski Club on Friday night in communityhall. Miss Kathleen Starratt, who formerly held the post, resigned recently. Mr. Guth was appointed a new director of the club to replace Fellows. About 60 members were present at the meeting presided over by Bill Jenkinson. Bob Dennis of Brockway gave a pep talk on taking advantage of the marvelous publicity the coming two-day FWSA sanctioned ski meet could bring to the lake area. Jim Baker was host at refreshment time and colored movie covering all important skiing areas of the west was shown.

Wind up this week as a brilliant sun shines out over the lake and proceeds to melt the snow which arrived during the night. See you at Cal-Neva over the weekend. Good luck, good health and good cheer to all. Swanee.

DEATH OF INFANT 'N LAKE TAHOE IS STILL MYSTERY

COLFAX— Coroner Francis E. West has compiled his annual report for 1950, covering 101 deaths in Placer County, four of which were in the Lake Tahoe area. The number of deaths in other communities investigated were Auburn 38, Roseville 19, Colfax 30 and Lincoln 10.

Among the cases investigated, one remains unsolved—that of a newborn baby found floating in the water at Lake Tahoe with its skull fractured. Investigaiton by the coroner's office and other law enforcement agencies failed to reveal whether the cause of death was homicide or accidental. The identity of this child could not be determined and neither was the mother ever located.

In the other 100 cases in the county, investigation showed 36 resulted from natural causes; 23 from automobile accidents; four from collision of an automobile and an engine; 13 suicides; 12 from various forms of accidents; one from burning; five from railroad accidents; three homicides and two drownings; one skeleton was found. West held five inquests during the year and ordered 70 autopsies performed to determine causes of deaths.

New in Style—New in Structure—New in Power—New in Thrift—Potent in Price Appeal—It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflow Drive.*

It's a Buick with less weight and more power—and that spells a pair of *new thrills for you*. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road. That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

*Standard on ROADMASTER, optional at extra cost on other Series.

Standard equipment, accessories and trim illustrated are subject to change without notice.

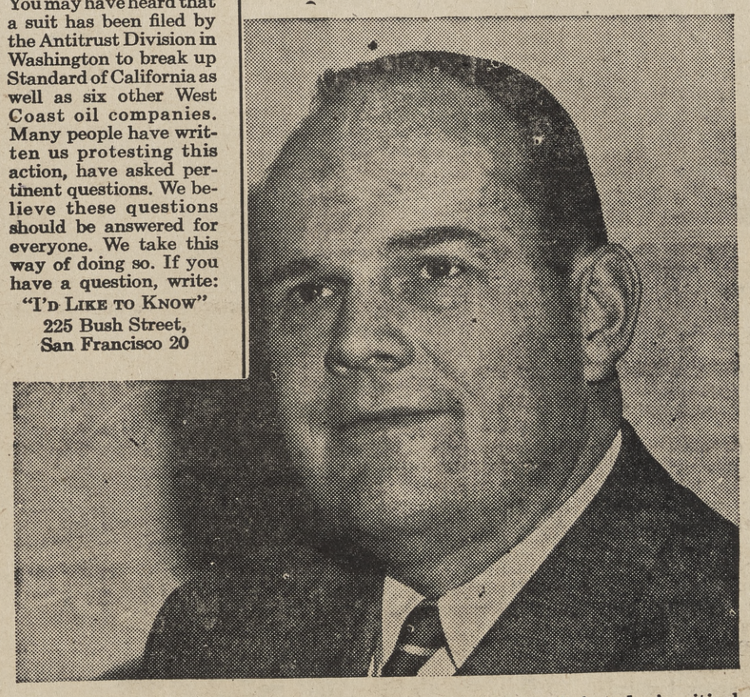
I'd Like to Know...

You may have heard that a suit has been filed by the Antitrust Division in Washington to break up Standard of California as well as six other West Coast oil companies. Many people have written us protesting this action, have asked pertinent questions. We believe these questions should be answered for everyone. We take this way of doing so. If you have a question, write: "I'D LIKE TO KNOW" 225 Bush Street, San Francisco 20

"Who wants to upset the West's oil industry now?"



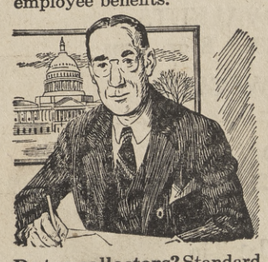
John E. Clark, insurance man from San Francisco, California, writes; *"From all I can gather, the West's oil companies have contributed a lot to our area. Now there's talk about breaking them up. What I'd like to know is who wants to upset the West's oil industry now?"* John E. Clark

Do customers? Not likely. Oil companies have turned out constantly better products and services at reasonable prices. Except for taxes, a gallon of gasoline today costs about what it did in 1919.

Do employees? The average income of 28,000 Standard people was $4,447 last year. And Standard Oilers are covered by sickness, free insurance, retirement and other employee benefits.

Do small business men? Standard of California is a big customer for small businesses in the West. Last year, for example, we spent more than $90,000,000 with some 10,000 business firms.

Do stockholders? Surely not. There has never been a year when Standard has failed to pay a dividend. 98,600 individuals share the earnings of Standard, depend on the stability of Standard to assure safety for their savings.



Do tax collectors? Standard turns in the taxes *you* pay when you buy gasoline and oil, and we are also taxed, of course, as a company. Because we *are* big, our taxes are sizeable—last year, for example, over $95,000,000.

Do military men? Planes, ships, tanks are powered with oil. Military men naturally look to the *big* companies to supply their big needs. As in World War II, Standard's facilities are producing petroleum products at full speed.

A certain minority in the U. S. seems to believe big companies should be broken up . . . even though big companies have led the way in helping provide an unmatched standard of living and helped keep the nation strong. The U. S. was very thankful for its big companies during the last two world wars . . . and is again in today's critical times. This is a big country with big problems, and it needs both big and small companies to meet them. You can be certain we will do everything we can to continue doing a good, efficient, productive job for you and the nation . . . a good *big* job.

Mrs. Tippett will address the women of the local churches in Sparks at 6 p.m. with a dinner meeting the same evening. Bishop Tippett's talk is scheduled for 7:30 p.m.

Mrs. Leon G. Stickney of Portland has returned home following the funeral services for her brother, the late Dr. J. H. Bernard. Mrs. Stickney arrived by plane and visited with the doctor before he died.

At Oakland—

The C. P. LaPlante family of Kings Beach is visiting at Oakland.

STUBLEY TELLS OF TRIP EAST FOR CHAMBER

Harry Stubley of Brockway gave an interesting and instructive talk on his activities as a "roving ambassador" for the Lake Tahoe Chamber of Commerce on a recent tour of the east before the chamber directors meeting February 1.

During his travels, Stubley contacted chambers of commerce and similar organizations all over the nation, spreading the story of Lake Tahoe and its charms. These covered such centers as Stamford and Greenwich, Conn.; New Rochelle, Jamaica, Manhattan, Brooklyn, N. Y.; Newark, N. J. and Chicago, Ill.

STUBLEY

"While it was somewhat surprising to find so many unfamiliar with Lake Tahoe and in many instances not even knowing its location," he said, "it was equally surprising to find everyone so very much interested, not only to the extent of giving me all the time I wanted but in asking all sorts of questions."

He reported distribution of 600 Lake Tahoe chamber folders and 45 maps prepared by Ed Smith, giving Tahoe facts and figures.

Beside chambers of commerce, Stubley visited leading eastern travel agencies and placed Tahoe literature in their racks.

"We must all work together, give our financial as well as moral support," he concluded, "to sell Lake Tahoe to everyone we can, through every possible medium.....What others have accomplished, we too can accomplish, and we shall all benefit thereby."
